WHY YOU CAN'T MISS AERO 2025

EUROPE'S PREMIER HUB FOR AVIATION EVENTS

Take advantage of the best show setting in the centre of Europe, close to Switzerland, Austria and Italy, and experience the unique opportunity of working where others go on vacation.

The venue of Messe Friedrichshafen is right next to the local airport, offers an own taxiway and is peppered with wide hangar doors, a huge outdoor static display and a temporary Helipad. Easy Fly-in & fly-out procedure for exhibitors and visitors guaranteed.

FRESH PERSPECTIVES, INSPIRATION, AND INSIGHTS FOR YOUR BUSINESS

Discover fresh insights for your business – whether it's about sustainability, digital solutions, procurement, reaching new target groups, or receiving direct feedback on your products.

ELEVATE YOUR KNOWLEDGE

Step into a realm of over 300 high-quality conferences. Our commitment to both quality and quantity ensures a perfect environment for sharing knowledge and fostering growth.

THE MOST IMPORTANT PLATFORM FOR YOUR BRAND PRESENTATION

AERO is where the key players, stakeholders, and community of the industry meet. Showcase your company and products, meet your customers, and grow your business network.

UL / VLA / LSA

THE CORE OF AERO FRIEDRICHSHAFEN

The ultralight segment with its broad range of aircraft manufacturers and suppliers represents a major part of AERO Friedrichshafen. The innovations in lightweight construction and future propulsion technology boost the entire General Aviation industry.

UL / VLA / LSA

BUSINESS AVIATION

BUSINESS AVIATION

ELEVATE YOUR BUSINESS IN A PROFESSIONAL AND RELAXED ATMOSPHERE

The Business Aviation segment has seen a significant growth at AERO Friedrichshafen during the previous editions with more and more OEMs joining the show, a growing number of qualified customers and media attendance. The static display right next to the airport of Friedrichshafen has become the centre of Business Aviation of our event where exhibitors have plenty of options to showcase their aircraft.

In cooperation with

HELICOPTER HANGAR

VERTICAL FLIGHT SOLUTIONS FOR THE GENERAL AVIATION INDUSTRY

The well-established Helicopter Hangar at AERO Friedrichshafen is the centre for vertical flight at the show. In cooperation with the German Helicopter Association (DHV) it brings together manufacturers and suppliers with private pilots, buyers, operators and future employees and pilots. A 4-day high-level conference programme within the dedicated Heli Forum concludes the concept.

In cooperation with

HELICOPTER HANGAR

AERO GLIDING EXPO

AERO GLIDING EXPO

SILENT, SUSTAINABLE AND INNOVATIVE

The AERO Gliding Expo will again bring together all different aspects of Gliding. The industry, including manufacturers and suppliers will showcase their innovations, associations and gliding clubs are also invited to showcase their organizations to the dedicated attendees. Furthermore networking and knowledge exchange will play an important role during the course of the event as there will be specific gliding conferences and workshops happening in Hall A1.
